

**RADIOLOGY RESIDENT FORUM (RRF)
BY IRSP
2:00PM - 4:30PM**

**Prof. Dr. Syed Imran (CHAIR) - Dr. Amjad Sattar (CO CHAIR)
Dr. Junaid Iqbal (MODERATOR)**

- 2:00 "Research & The Common Challenges Faced By IR Fellows"
2:10 Dr. Junaid Iqbal (karachi)
- 2:10 "Striving For The Standardized Clinical Practice In IR"
2:20 Dr. Amjad Sattar
- 2:20 PBD in Biliary Strictures
2:30 Dr. Hasseb Ahmed (karachi)
- 2:30 Percutaneous Catheter-Directed Sclerotherapy for Pelvic inclusion cyst
2:40 using Povidone-Iodine. A single center experience.
Dr. Muhammad Ismail Alvi
- 2:40 Radiologist's Role in Transjugular Intrahepatic Portosystemic Shunt (TIPS)
2:50 Malfunction; A Practical Guide.
Dr. Khurram Khaliq Bhinder
- 2:50 Tunneled dialysis catheter utilization and patency: A retrospectiveprospective
3:00 Study from a tertiary care hospital in Karachi Pakistan.
Dr. Ramsha Fatima
- 3:00 Transarterial Chemoembolization in Hepatocellular Carcinoma: Exploring its
3:10 Role in Vascular Invasion and Extrahepatic Metastasis - A Systematic Review
Usman Younis
- 3:10 The efficacy of ultrasound guided sclerotherapy of endometriomas with
3:20 ethanol and gentamycin; a combination approach.
Dr. Burhan Zafar

**Dr. Danial Khalid (CHAIR) - Dr. Raima Kaleemi (CO CHAIR)
Dr. Ammara Malik (MODERATOR)**

- 3:20 CT Guided Minimally Invasive Management of Osteoid Osteoma - An initial
3:30 experience at CMH Rawalpindi.
Dr Farzana Zulfiqar Ali
- 3:30 Clinical success achieved in patients presenting with variable severity
3:40 haemoptysis after bronchial artery embolization.
Kaukab Naeem Syed
- 3:40 Detection of Hepatocellular Carcinoma: Comparison of C-Arm Cone Beam
3:50 volumetric CT and multidetector computed tomography (MDCT).
Furqan Ahmed
- 3:50 Comparison of efficacy of Foam Sclerotherapy with and without Ultrasound
4:00 guided for the treatment of varicose veins.
Mohammad Umar
- 4:00 Myth Busters: Artificial Intelligence in Radiology - Collaboration,
4:10 not Competition.
Zeeshan Ghias Khan
- 4:10 A Pictorial Review of Least Invasive Breast Interventions for
4:20 Diagnostic and Therapeutic Purposes (Poster)
Asma Asghar
- 4:20 "Unveiling Barriers: A Comprehensive Study on the Under representation of
4:30 Women in Interventional Radiology and the Associated Challenges - Insights
from Pakistan"
Dr Preh Fatima
