IRSP 2026

ORGANIZING CHAIRMAN MESSAGE

Dr. Jamshaid Anwar
Organizing Chairman
IRSP Pakistan 2026

IRSP Pakistan 2026 is being organized with the vision of creating an engaging and impactful scientific experience for all participants. Our goal is to provide a well-structured platform that encourages learning, professional networking, and the exchange of practical expertise in interventional radiology. We warmly welcome colleagues from across Pakistan and abroad to join us in making this conference a memorable and productive event.

IRSP 2026

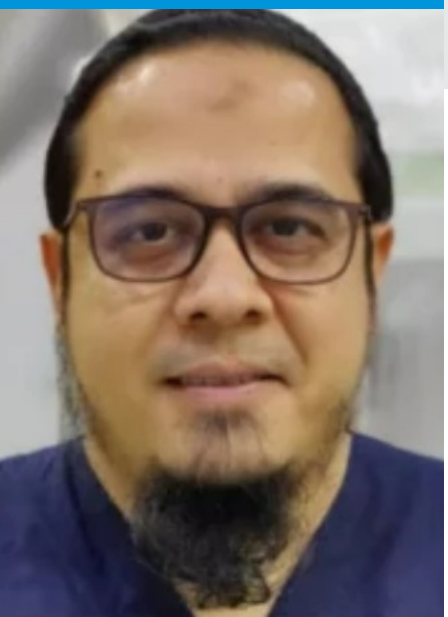

PRESIDENT'S MESSAGE

DR. ZAHID AMIN KHAN
President, IRSP

It is my privilege, as President of the Interventional Radiology Society of Pakistan, to welcome you to our 11th Annual Conference, taking place on 28th and 29th March 2026, a milestone that reflects how far this society has come in little more than a decade.Last year's conference was built under real pressure, and our faculty answered that call with a scientific programme of genuine depth, entirely on Pakistani strength. This year, we build from a position of stability rather than necessity, and that is its own kind of achievement.Around the world, societies like CIRSE and SIR have shown that longevity comes not from any single successful meeting, but from the discipline of building year on year: training, credentialing, and a community that speaks with one voice for patients who benefit from minimally invasive care. IRSP is now firmly on that same trajectory, and this year's conference is a chance to consolidate that progress, with stronger international collaboration, a broader scientific programme, and continued growth of our national footprint.None of this happens without the people in this room. My thanks go to our faculty, our organising committee, our industry partners, and every delegate who continues to choose IRSP as a professional home. You are IRSP.I look forward to the discussions, the friendships renewed, and to writing the next chapter of interventional radiology in Pakistan together, on 3rd and 4th April 2027.

IRSP 2026

Message from GS IRSP

Dr. Muhammad Ali
General Secretary, IRSP

It is a great pleasure to reflect on the successful IRSP 10th Annual Conference, held on 28th and 29th March 2026 in PC Rawalpindi. Despite challenging circumstances, the meeting saw an inspiring turnout, with participants from across Pakistan, our respected national and distinguished international faculty made it a truly enriching and successful event.The conference highlighted important advancements in Interventional Radiology, including transarterial radioembolization, the growing scope of Neurointervention at IRSP Neuro session, and impactful pre-conference workshops that emphasized both knowledge and hands-on learning.Encouragingly, Interventional Radiology in Pakistan continues to grow at a strong and structured pace, with more CPSP-accredited fellowship programs and training centers being established. This progress reflects our commitment to high-quality training, standardized curricula, and improved patient care.I sincerely thank all faculty, participants, and organizers for their invaluable contributions. The future of Interventional Radiology is indeed very bright.

IRSP 2026

FINANCE SECRETARY MESSAGE

Prof. Dr. Muhammad Fiaz
Finance Secretary
IRSP Pakistan 2026

The Interventional Radiology Society of Pakistan (IRSP) remains committed to promoting excellence, innovation, and education in the field of interventional radiology. IRSP Pakistan 2026 will serve as a dynamic platform for specialists, trainees, and healthcare professionals to exchange knowledge, explore advancing technologies, and strengthen collaborative efforts for the future of minimally invasive patient care in Pakistan.

IRSP 2026

PRESIDENT ELECT MESSAGE

Dr. Azeem Uddin
President Elect
IRSP Pakistan 2026

It is a great honor to be part of IRSP Pakistan 2026, a gathering that reflects the growing strength and progress of interventional radiology in our country. This meeting will provide an opportunity to inspire young professionals, encourage academic excellence, and foster meaningful collaboration among national and international experts. Together, we aim to advance patient care and further establish interventional radiology as a vital specialty in Pakistan.

Chief Guest	9:28-9:38

KEY NOTE SESSION

IR in A War Zone - Exclusive Gaza Talk-virtual - **Dr Aziz Rahman (US)** - Virtual	9:39-10:04
Helping The Tiny Humans - An Exploration of Paediatric Interventional Radiology - **Dr John Adu (UK)**- Virtual	10:05-10:30

TEA BREAK 10:30 - 10:50

Session 2 | HCC & LIVER TUMOR | Garden Hall

Moderator: Dr. Muhammad Ali, Clinical	10:51- 10:53
Chair: Dr Muhammad Salih, **Session Chair:** Dr. M. Azeemuddin	
Topics	
TACE in HCC with PVTT; Shifting Paradigms - **Dr. Khurram Shafiq Khan (Lahore)**	10:54 - 11:04
Evolution of TARE therapy in Pakistan- what needs to be done - **Dr Abdullah Saeed (PKLI)**	11:05- 11:15
DEB TACE: is it still relevant. Cost Vs benefits - **Dr. Saad Rehman (UAE) -** Virtual	11:16- 11:26
Benign HPB intervention- **Dr. Ahsun Riaz (Chicago) -** Virtual	11:27 - 11:37
Treated liver haemangiomas: direct vs trans-arterial approach - **Dr Muhammad Ramzan (PKLI)**	11:38 - 11:48
Strategies to minimize tumor seeding & injury to adjacent structures - **Dr Zaheer Anjum Sheerazi (Lahore)**	11:49 - 11:59
HCC Tumour Board - **Dr. M. Azeemuddin (AKUH), Dr Tanveer-UL-Haq (AKUH), Dr Raouf (Faisalabad)**	12:00- 12:10
Q & A	

Session 3 | HEPATOBILIARY INTERVENTIONS | Garden Hall

Moderator: Dr. Nouman Al Kamri, **Clinical Chair:** Dr. Nusrat Yar Khan,	12:15-12:17
Session Chair: Dr. Khurram Shafiq	
Topics	
Liver ablation in HCC – Where we stand? - **Dr. Aman Nawaz (Peshawar)**	12:18-12:28
Upper GI bleed, current tips and tricks - **Dr. M. Azeemuddin (AKUH)**	12:29-12:39
Biodegradable bilary stents - **Dr. Junaid Saeed (KSA)**	12:40-12:50
IR in Variceal bleed management - **Dr. Abdul Raouf (Faisalabad)**	12:51-1:01
Role of IR in Liver transplantation - **Dr Abdullah Saeed (PKLI)**	1:02-1:12
Endovascular managment of Mesenteric ischaemia-**Dr. Usman Manzoor (Australia)** Virtual	1:13-1:23
Iatrogenic issues in liver intervention - **Dr. Ehsan Kiyani (Rawalpindi)**	1:24-1:34
Q & A	

LUNCH - 1:35 - 2:15

Session 4 | VENOUS INTERVENTIONS | Hall A

Moderator: Dr. Junaid Iqbal **Session Chair:** Dr. Abdullad Saeed, **Chair:** Dr. Maria Rauf	10:47-10:49
Topics:	
AV fistula declot- techniques - **Dr Sakib Mughal (MSE NHS Trust)** Virtual	10:49-10:59
Management of Central venous occlusions - **Dr. Shozab Ahmed (MSE NHS Trust)** Virtual	11:00-11:10
Advanced venous sampling: Technique & indications - **Dr. M. Azeemuddin (AKUH)**	11:11-11:21
Chemical and thermal ablations of varicose veins. - **Dr. Saad Rehman (UAE)**	11:22-11:32
Endovascular management of AV Fistulas - **Dr. Qazi Jehanzeb (UAE)**	11:33 - 11:43
Y90 Radio embolization - **Dr. Shams Iqbal, Harvard (Recorded)**	11:44-11:54
Fistula care/maintenance - **Dr Jamshaid Anwar**	11:54 - 12:04
Q & A	

Session 5 | SCIENTIFIC RESEARCH SESSION MEETS RRF | Hall A

Moderator: Dr Ammara Malik (MSE), **Chair:** Dr Raima Kaleemi (JPMC), Dr Aisha Mumtaz	
Jury: Dr Fouzia Rani (MSE)	
What needs to be done to stimulate local IR research and Publication	12:16-12:24
